

Professional Tracking	Dates: Wednesday May 13 to Friday May 15, 2009
Cost: \$185.00 per person	Instructor: Joel C. Hardin & Sharon Ward
Organization: Joel Hardin Professional Tracking Services	
Maximum number of students for this class: 36	
Description of Class: Basic Tracking – A Primary SAR & Law Enforcement Resource (24 hour course)	
<p>Instructor BIO: Joel completed 25 years with the U.S. Border Patrol in September of 1990 and resigned to enable full-time devotion to tracking training and consultation. His tracking mentor was and is master tracker Albert “Ab” Taylor, to whom he credits the inspiration of thirty years progressive training program development and success. He is fortunate to have participated in numerous significant criminal investigations and missing person searches that attracted wide media attention. He has produced primary evidence in such investigations as the “Green River Serial Murders,” fleeing fugitive and escapee incidents, and international missing person searches in Mexico, Australia, Peru, Canada, Alaska, and many other western states of the United States. He has testified on numerous occasions in criminal court proceedings and has been recognized as a tracking expert by federal and state court systems. He assisted the National Search and Rescue Association (NASAR) and other institutions in development of tracking standards and certifications. This Tracking Services program today is the evolution of Joel’s thirty-five years of tracking training experience with search and rescue, law enforcement, industrial security, and the military.</p>	
<p>Important Note: Your camping fee is included in this course fee. However MEALS are not included in the course fee. If you wish to have meals during the pre conference class you may purchase a meal ticket upon arrival at the Conference Registration Tent. Meals are \$5.00 each.</p>	
Course outline will be provided to you by Joel prior to the class.
